

## **City of New Baltimore Building Department - COVID19 Operations Info.**

The City of New Baltimore Building Department will begin inspections in conjunction with Governor Whitmer's resolution that allows for building construction to resume in the State of Michigan on May 7, 2020.

The COVID-19 Pandemic is still with us, so in an effort to keep our staff and the public we serve safe, our building will remain closed. We adjusted our business practices and are able to review plans, issue permits, and take payments remotely. You may also utilize the drop box located outside City Hall.

Our field staff will be practicing social distancing and wearing the appropriate protective gear in the field. We ask that if you have questions that you contact them by phone or email. Please do not approach them in the field. This is a departure from our normal procedure however, it is necessary at this time. We appreciate your understanding during this challenging time - we want to be sure our employees and our residents stay safe. If you need further information do not hesitate to call us for clarification.
