Priscilla and I are donating \$25 million to the Centers for Disease Control Foundation to help fight Ebola.

The Ebola epidemic is at a critical turning point. It has infected 8,400 people so far, but it is spreading very quickly and projections suggest it could infect 1 million people or more over the next several months if not addressed.

We need to get Ebola under control in the near term so that it doesn't spread further and become a long term global health crisis that we e... [See More](#)

Principles of 21st Century Government

- **Design for and with people**
- **Listen to the public**
- **Collaborate with others**
- **Choose the right tech for the job**
- **Default to open**
- **Leverage data for better decisions**
- **Organize for outcomes**

Our Approach

1 - Use approaches and tools to impact social issues and show efficacy

Social Outcomes

2 - In the process, help city develop critical capabilities

3 - Help institutionalize capabilities to enable city to address add'l social issues

Government Capabilities

Listen to the Public

Default to Open

A screenshot of a web application interface for the City of New Orleans. The page features the city's fleur-de-lis logo and the text "What's the status? Find out what the City is doing about blighted properties in New Orleans." Below this is a search bar with the placeholder text "Search by address or street name". A data summary section titled "In the last 90 days:" displays four statistics in a grid format: 2,759 Inspections, 2,626 Hearings, 276 Judgments, and 29 Demolitions. There is also a "0 Sheriff Sales" entry. An "Explore more >" link is located at the bottom of the data section. The background of the screenshot is a map of New Orleans.

In the last 90 days:	
2,759 Inspections	2,626 Hearings
276 Judgments	29 Demolitions
0 Sheriff Sales	

Collaborate with Others

- Governments purposefully working with community groups and other institutions encourages an environment where everyone feels civic responsibility
- Leveraging the lessons of other cities, leveraging economies of scale

Home > Government > Who do I need to inform if I change my address?

QUICK ANSWER

Who do I need to inform if I change my address?

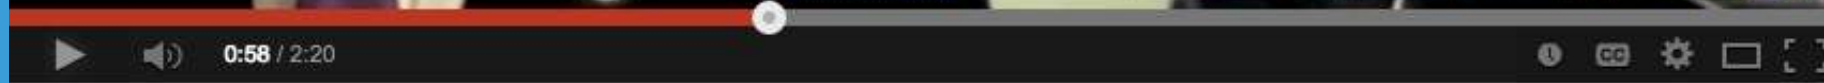

The City of Oakland does not need to be informed if you change your address, but you may need to contact other government entities if:

- 1) You've moved and need to change your mailing address. In this case, contact the US Postal Service [here](#).
- 2) You need to change the address on your drivers license. In this case, contact the CA DMV [here](#).
- 3) You need to change your voter registration. In this case, find information about how to register online at the CA Secretary of State [here](#). (Note: You need to go through the whole re-registration process even if you are already registered and simply need to change your address. There is a spot to indicate that you are already registered at another address).
