What does Detroit innovation look like?

From Corktown to Blighttown, Brightmoor to Osborn, urban innovators are testing out ideas, finding creative solutions, and going above & beyond to improve their communities.

Nevermind what they call themselves – artists, activists, educators or entrepreneurs – they are moving Detroit forward – one building, one block, one project at a time.

These are the faces of urban innovation.
Read their stories & join the movement at UXDetroit.com.
