My Social Media Experience

Thanks to Facebook, Flint Journal's Matt Bach leaving for new job with Flint Area Conventions and Visitors Bureau

Matt Bach,
Flint Journal columnist

The post was short and sweet: “Matt is looking for a job. Will work for money.”

It was supposed to be another funny post on Facebook (an online social network), but at the same time I was looking for something new professionally.

Much to my surprise, I had a job offer -- within 48 hours.

Hard to believe, but it's true.
The Power of Social Media

Social media maven jump-starting PR in hard-times Flint
By Lindsey Miller | Posted: January 25, 2011

Keying on Facebook, he takes on all corners in burnishing image of GM’s birthplace

The new PR manager and social media guru for the Flint Area Convention and Visitors Bureau has a tough job.

Already facing the mounting problems with the auto industry, Matt Bach recently fled back at an Ontario radio station that had launched a "This Ain't Flint" advertising campaign. The video focused on Flint's problems — in 1999 — in order to highlight the relative success of greater Ottawa today.

The Flint public relations effort has been an uphill climb. Bach says, ever since Michael Moore released the 1989 documentary Roger & Me about General Motors' Flint-area plant closings in the mid-1990s, which put tens of thousands out of work.

"Part of my job is to shape public perception," Bach says. "If you tell anyone you're from Flint they say, ‘Oh, Roger & Me. Michael Moore, skinning rabbits.' A portion of the film features a Flint resident who ekes out a living selling rabbits — as pets or as cheap food.

"Unfortunately that's what we're known for." Bach says, "and it's a 20-year-old movie, but that's the stigma that's attached to us. So, my job is to change perceptions one blog, one Web site, one Internet comment at a time."

Most of us don't have to combat perceptions that are decades deep, but Bach's initial efforts in social media, from blogger interaction to Facebook to Twitter, teach some lessons in transparency that can apply to anyone with a brand to maintain.

Social Media: Why Do It?

- Cheap/Free
- Easy to use
- Offers Two-Way Communication, give and take (good and bad)
- Effective at spreading news to larger more diverse audience
- Fill the gap created in decline of local, traditional news media
- Can use it to create and lead the news
Social Media: Steps to Success

Step 1: Decide what you want to accomplish?
At the League our goal is to advance the message that placemaking is an economic driver and that our method of funding municipalities is broken.

Step 2: Pick your platforms
Most impactful ones are currently Facebook and Twitter. The League also uses flickr, Vimeo and to a lesser extent Google+, LinkedIn, Pinterest

Step 3: Establish policies and expectations

Step 4: Be consistent/stay relevant:
- Post photos and graphics!
- Tweet at least once a day
- Post on Facebook daily

BPW update. A more formal and complete update will be provided by the BPW, but here is some general information. The main circuits are repaired. Still some customers (in the hundreds probably) without power, but these are largely due to downed trees damaging lines that run into a neighborhood or smaller cluster of customers. MORE . . .

Snapchat: A Placemaking Tool

Posted on February 5, 2016 by Samantha Audai

Though many municipalities have bravely ventured into social media platforms like Facebook and Twitter to communicate with residents, for the grand majority of local governments Snapchat remains uncharted territory. It’s understandable that local officials have hit roadblocks with social media: maintaining active accounts could be a full-time job, and the ever-developing technology is oftentimes unfamiliar to municipal leaders, many of whom view social media platforms as a minefield of potential liabilities.

In the past year, Snapchat’s popularity (and legitimacy) has grown exponentially — so much so that the White House opened an account last month to better communicate with a growing young demographic. Indeed, over 60 percent of smartphone users from the ages 13 to 34 use the app. Snapchat could serve as a vital branding resource to municipalities as they strive to improve communication, reach a younger generation, and market their communities to potential residents.

Essentially, Snapchat allows users to take photos and videos, add captions or drawings, and upload the content to a collective 24-hour “story” that followers can view. Take a look at what they can do, and then check out the many ways that local officials could use Snapchat to connect with residents:

Presentation Outline

• Open Meetings Implications
• Public Records Implications
  • FOIA
  • Records Retention
• Policy Considerations
• Questions?
Labor/Employment Concerns

- A Taco Bell employee licked a stack of taco shells to submit for an internal contest and then posted the image on his Facebook page.
- Taco Bell fired the employee, stating that “...we deplore the impressions this has caused to our customers, fans, franchisees, and team members. The behavior is unacceptable for people working in a restaurant.”
The Open Meetings Act

• The intent of the Open Meetings Act (OMA) is to provide openness and accountability in government and is interpreted to accomplish this goal.

  *Booth Newspapers v Wyoming City Council*

• The OMA is construed liberally in favor of openness.

  *Wexford County Prosecutor v Pranger*
  83 Mich App 197 (1978)

• Attempts to avoid the OMA are regularly met with disapproval by the courts.

  *Booth Newspapers v Wyoming City Council*
The Open Meetings Act

• All **meetings** of a public body shall be open to the public.

• All **decisions** of a public body shall be made at a meeting open to the public.

• All **deliberations** of a public body **constituting a quorum** of its members shall take place at a meeting open to the public, except for closed sessions.

MCL 15.263(1); MCL 15.263(2); MCL 15.263(3).

*Subquorum deliberations will be discussed later.*
• **Public Body** - means any State or Local legislative or governing body, including a board, commission, committee, subcommittee, authority, or council, which is empowered by State constitution, statute, charter, ordinance, resolution, or rule to exercise governmental or proprietary authority or perform a governmental or proprietary function, or a lessee thereof performing an essential public purpose and function pursuant to the lease agreement.

MCL 15.262.
• **Meeting** - means the convening of a public body at which a quorum* is present for the purpose of deliberating toward or rendering a decision on a public policy.

• **Closed Session** - means a meeting or part of a meeting of a public body which is closed to the public.

MCL 15.262.

*Subquorum meetings will be discussed later.
• **Decision** - means a determination, action, vote, or disposition upon a motion, proposal, recommendation, resolution, order, ordinance, bill, or measure on which a vote by members of a public body is required and by which a public body effectuates or formulates public policy.

MCL 15.262.
• **Deliberation** – While the act does not define deliberation, the courts have provided guidance:

  • “deliberation” includes “discussing,” which, in turn, is defined as “the act of exchanging views on something”
    - *Hoff v Spoolstra*, unpublished, 2008 (COA No. 272898)
  • Black’s Law Dictionary ... defines this word as “the act of **carefully considering** issues and options **before making a decision or taking some action**; esp., the process by which a jury reaches a verdict; as by analyzing, *discussing*, and weighing the evidence”. The word “discussion” is defined as the act of **exchanging views** on something; a **debate**.
The Open Meetings Act

*Citizens for a Better Algonac Community School v Algonac Community Schools*

317 Mich. App. 171 (Sept. 8, 2016)

- Early 2014 – Board undertakes search for Superintendent
- Apr. 1, 2014 – Board votes to offer position to neighboring Superintendent and “begin contract development [asap]”
- President and members exchange a series of emails over the next few weeks regarding contract negotiations, drafts of proposed contracts, working out details and settling on a final contract.
- Apr. 28, 2014 – Board approves contract “unanimously, swiftly, and without discussion”
The Open Meetings Act

*Citizens for a Better Algonac Community Schools v Algonac Community Schools*

317 Mich. App. 171 (Sept. 8, 2016)

- May 2014 – P files suit alleging emails constitute deliberations of a public body in violation of OMA
- P sought declaratory judgment finding a violation of OMA, an order compelling compliance and enjoining further non-compliance, and attorney fees and costs
- T/C: Board “violated the [OMA] by conducting deliberations...outside of a public meeting”
- T/C: No injunction as P failed to show practice occurred in the past, continued at the present time, or would persist in the future
The Open Meetings Act

Citizens for a Better Algonac Community Schools v Algonac Community Schools
317 Mich. App. 171 (Sept. 8, 2016)

• T/C: No injunction = no attorney fees or costs

➢ COA
➢ A complaint seeking pure declaratory relief, as an independent remedy standing on its own, is unsustainable in regard to alleged OMA violations.
➢ OMA provides 3-tiered enforcement scheme for private litigants
  ➢ An action to invalidate a decision made in violation of the OMA. MCL 15.270
  ➢ An action for injunctive relief enjoining ongoing OMA violation and compelling compliance. MCL 15.271
  ➢ An action for damages for intentional OMA violation. MCL 15.273
➢ P’s not entitled to injunction = no sustainable cause of action. Vacated the T/C’s granting of declaratory relief.
Court of Appeals Holds Email Deliberations Among a “Quorum” of a Public Body Violates the OMA

• Four members of a seven-member elected public body engaged in numerous email exchanges regarding matters of public policy which would soon come before the public body for consideration

• Three of the members on the group emails actively exchanged thoughts and plans to handle the matters.
Court of Appeals Holds Email Deliberations Among a “Quorum” of a Public Body Violates the OMA

- The fourth member on the group emails simply received the emails but did not actively engage in the exchange.
- At subsequent public meetings, the matters were handled just as had been planned in the email exchanges.
Court of Appeals Holds Email Deliberations Among a “Quorum of a Public Body Violates the OMA

• The Court found that the group emails constituted a “meeting” under the OMA because there was a quorum present and deliberations occurred on a matter of public policy.
• “Because the meeting was held privately via email, the four defendants violated [Section 3(3) of the OMA] which required such deliberations to be open to the public.”
What about subquorum meetings or communications?

• These cases were held to be in violation of the OMA:

  • *Booth Newspapers, Inc. v. Univ. of Michigan Bd of Regents*, 192 Mich.App. 574, 481 N.W.2d 778 (1992) aff’d in part and rev’d in part on other grounds 444 Mich. 211 (1993) (sub-quorum committee given the authority to act regarding the selection of a university president violated the OMA; “round-the-horn” telephone calls and conferences resulted in “decisions” required to be made at an open meeting).
The Open Meetings Act

• *Schmiedecke v Clare School Bd*, 228 Mich App 259; 577 N.W.2d 706 (1998), (sub-quorum committee given the authority to make only a recommendation on policy regarding evaluation of administrators violated the OMA).

• *Hoff v Spoelstra, et al*, unpublished opinion per curiam of the Court of Appeals, issued July 8, 2008, (Docket No. 272898) (subquorum discussions on termination of city attorney violated OMA.)
General Provisions of FOIA

- Legislative Intent
  - Public Access to Government Information
  - Access to the affairs of government and official acts of public officials
  - Participate in the democratic process
- FOIA is a pro-disclosure statute
- Exemptions are narrowly construed
- Duty to provide access to non-exempt records
All public records are subject to full disclosure under the act unless the material is specifically exempt under an express statutory exemption. Swickard v. Wayne County Medical Examiner, 438 Mich 536, 544 (1991).
A public record is a writing prepared, owned, used, in the possession of, or retained by a public body in the performance of an official function, from the time it is created. Public record does not include computer software.

MCL 15.232
What is a Writing?

- A “Writing” means handwriting, typewriting, printing, photostating, photographing, photocopying, and every other means of recording, and includes letters, words, pictures, sounds, or symbols, or combinations thereof, and papers, maps, magnetic or paper tapes, photographic films or prints, microfilm, microfiche, magnetic or punched cards, discs, drums, or other means of recording or retaining meaningful content.

  MCL 15.232(h)
Text messages satisfy the statutory definition of a public record if they capture communications by public officials in the performance of an official function.

• Flagg v City of Detroit, 252 F.R.D. 346 (E.D. MI 2008)
“A record that is required to be kept by a public officer in the discharge of duties imposed by law, that is required to be filed in a public office, or that is a memorial of a transaction of a public officer made in the discharge of a duty is the property of this state and shall not be disposed of, mutilated, or destroyed except as provided by law.”

MCL 399.5(2) (Michigan Historical Commission Act governing record retention).
Records Retention

“All official books, papers or records created by or received in any office or agency of the state of Michigan or its political subdivisions, are declared to be public property, belonging to the people of the state of Michigan. All books, papers or records shall be disposed of only as provided in...[Record Retention Law MCL 399.5].”

MCL 750.491 (Michigan Penal Code).
Records Retention

• “Any person who shall wilfully carry away, mutilate or destroy any of such books, papers, records or any part of the same, and any person who shall retain and continue to hold the possession of any books, papers or records, or parts thereof, belonging to the aforesaid offices and shall refuse to deliver up such books, papers, records, or parts thereof to the proper officer having charge of the office to which such books, papers, or records belong, upon demand being made by such officer or, in cases of a defunct office, the Michigan historical commission, shall be guilty of a misdemeanor, punishable by imprisonment in the state prison not more than 2 years or by a fine of not more than $1,000.00.”

MCL 750.491 (Michigan Penal Code).
Policy Considerations

Applicable to email, text messaging and social media platforms

• Recognize record retention requirements
  • Practical challenges of retention, reproducing, disclosing

• Recognize OMA/FOIA Concerns
  • Discourage discussions or deliberations by council members
  • Have media/management staff post and respond on social media, not council members

• Discourage use of personal accounts for public business

• Consult with your legal counsel regarding
  • Employment law
  • First amendment
