Words to describe the CULTURE of a High-Functioning Organization . . .

Culture

A word for the 'way of life' of groups of people. The way we do things.

Integrated patterns of human knowledge, belief, and behavior.

Set of attitudes, values, morals, goals, and practices people share that can be used to define them as a collective.

Ask Yourself and Your Board

1. How would your citizens describe the culture of your board?

2. How would you prefer your citizens describe you?

The question IS NOT: Do we have a culture?

The question is: Do we have the culture we want?

Dare to Improve

It is not because things are difficult that we do not dare; it is because we do not dare that they are difficult.
