

GROWING RECYCLING IN MICHIGAN

Gov. Snyder and state leaders are driving toward a 21st-century recycling infrastructure by tripling Michigan's recycling rate **from 15 to 45%**

WHY MICHIGAN CAN AND SHOULD DO BETTER

STATE GOVERNMENT RECYCLING STANDARDS

64% of state facilities do have recycling

SOLID WASTE LAWS STATUTORY AMENDMENTS

Only 36 of 83 counties have convenient access to recycling

RECYCLING EDUCATION AND OUTREACH

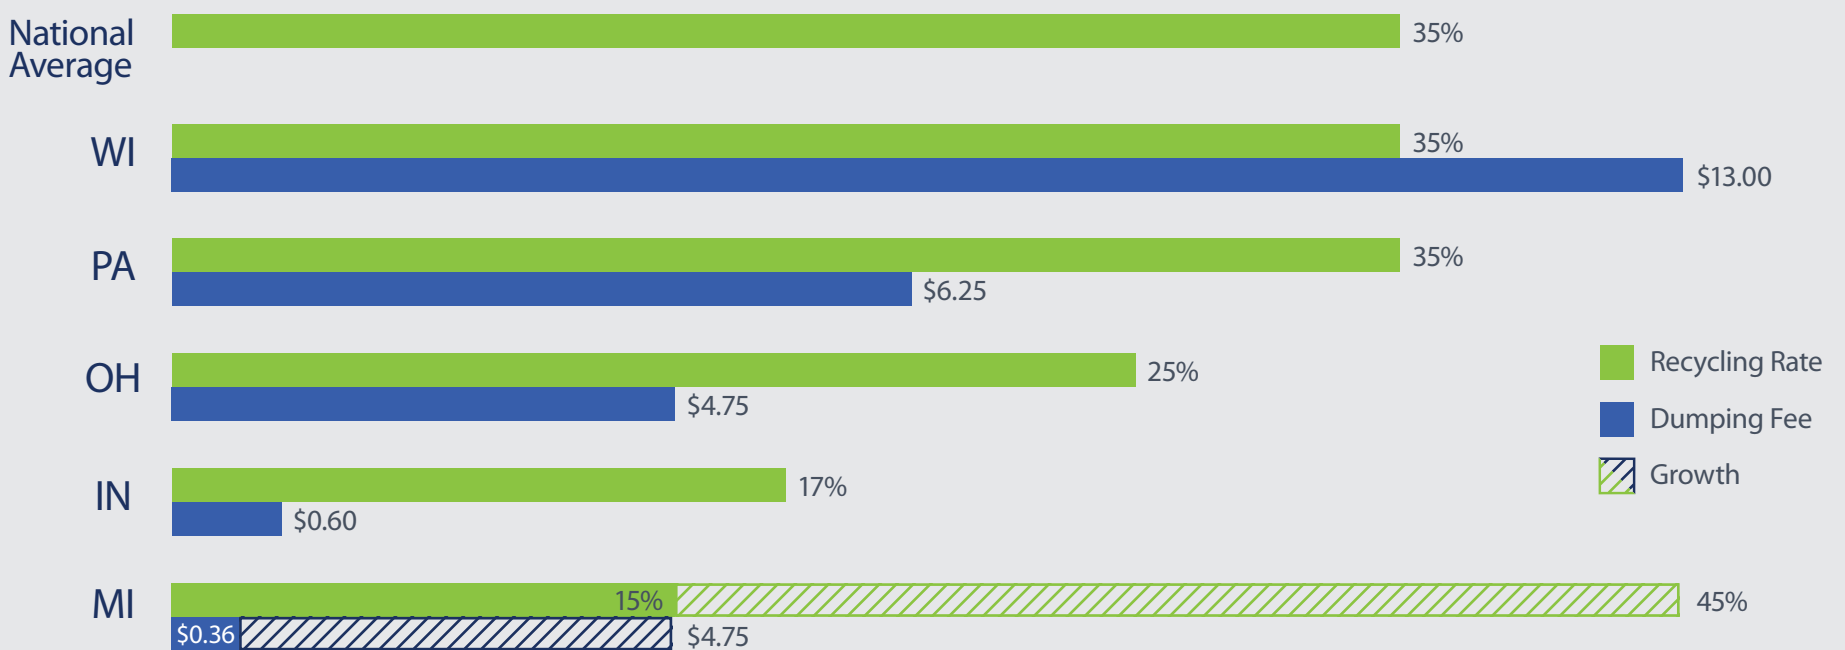

Only 38% of Michigan residents participate in the recycling programs available to them

RECYCLING MARKET DEVELOPMENT

Over \$368 million of valuable materials are dumped in landfills each year

FUNDING

Michigan's 15% recycling rate and 36¢-per-ton landfill dumping fee – **lowest in the Midwest**

WHAT MICHIGAN IS DOING TO ESTABLISH A 21ST-CENTURY RECYCLING INFRASTRUCTURE

LEADING BY EXAMPLE

All 47,000 state employees will have access to recycling within one year at their state facility

RECYCLING MARKET DEVELOPMENT

Over 300 companies are participating in Re:Source Market Development initiative by the end of the year

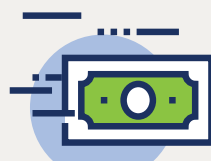

RECYCLING EDUCATION AND OUTREACH

Statewide recycling education campaign to reach all Michigan residents and guests

SOLID WASTE LAWS STATUTORY AMENDMENTS

All Michigan counties will have convenient recycling access by 2025

FUNDING

A sustainable pay-as-you-go funding source is securely in place
